COURTHOUSE 'BOYS' TO CELEBRATE 4TH

"TAKE DAY OFF" AND SHOCK WHEAT FOR CONSTITUENTS

THEY ARE EXPERTS?

Say They Are Glad to Answer Farmer's S. O. S. Call—Fred Smith First Volunteer.

Several inmates of the court house under the pressure of urgent calls from their constituents have about decided to "take a day off" tomorrow and work following a binder in its path around some wheat field.

County Clerk Fred Smith was the first to feel the call to duty and contracted with Rufus Allen to give his services for a valuable consideration. Later he tried to sell his services to a higher bidder but "couldn't get away with it."

Fred Wright, Smith's deputy, has decided to follow in the footsteps of the "boss" and will hie to Quitman to serve the farmers of that section. Miss Sprehcer of the same "firm," has volunteered to turn an ice cream freezer, if one can be found ready.

County Treasurer J. W. Blagg is going to sacrifice himself on the "altar of King Wheat" down on "the" farm.

County Superintendent Bert Cooper escapes his responsibilities by being at the Milwaukee school convention, otherwise he "might" shock wheat.

Prosecuting Attorney Charles McCaffrey seems to be a better "orator" than "shocker" and will address the celebrators at Old Conception tomorrow.

Circuit Clerk Henry Westfall and his deputy, Amos Sprecher, are still "on the fence" but will probably fall off before the time comes to jounrey toward the fields of waving grain on the morrow.

Sheriff John Dowden and his "force" could not be found at an early hour this morning and it is "presumed" that they have got the jump on the others and have gone to work today.

The county court has been "working" most all week.

Herschel Conklin Not Released.

The article in yesterday's issue of the Democrat-Forum stating that Herschel Conklin, a member of the Thirty fourth Infantry had been released from military service was an error.

Private Conklin is a Regular Army man, and is spending a 30 day furlough with his parents, Mr. and Mrs. James Conklin. He has four years more to serve before completing his period of enlistment.

Wheat Crop Good Near Maryville.

Robert R. Hudelson, professor of soils in the College of Agriculture, was in Maryville Friday and Saturday during the harvesting of the wheat crop in the University experiment field there. "The crop is good," Mr. Hudelson said, "because the soil around Maryville is about the best in the state." But on account of the wet weather, the heads of the wheat are not well filled.—University Missourian.

Mr. and Mrs. J. H. Sewell and John Sewell, Jr., will motor to Albany tomorrow to attend the home coming celebration for the soldiers and sailors of Gentry county.

There will be no issue of the Democrat-Forum tomorrow, July, the Fourth.

COLLEGE STUDENTS LEAVE

Co-eds Take Advantage of Short Vacation to Visit Home Folks.

The students of the State Teachers College are all leaving town today to celebrate the Fourth elsewhere and spend the week end with the home folks. There will be no classes at the college the rest of this week. Practically all students will take advantage of the last chance to rest before the last few weeks of the summer session.

State Historical Society COLUMBIA

HANGS 58 REBELS AT BUDAPEST

EXECUTED FOR PARTICIPATION IN RECENT HUNGARIAN REVOLUTION

HUNDREDS ARE IN PRISON

Bela Kun, Red Dictator, Says "Uprising Must Be Choked With Blood" Supreme Test Now.

Vienna, July 2, via London, July 3.—Fifty-eight persons were hanged at dawn today at Budapest for alleged participation in the recent Hungarian counter revolution. Hundreds are in the prisons at Budapest awaiting sentence. The Allied military mission at Vienna has received word that the Lenine boys have abandoned, and that the young Bolsheviks are again on the warpath at Budapest. Bela Kun, the Red dictator of Hungary, is treating the situation with a ruthless hand. He is quoted as saying "the uprising must be choked with blood, now is the time for the supreme test. The eyes of the world are upon us and the dictatorship must be maintained."

JOPLIN MAN A SUICIDE

Arthur S. Raymond, Mining Engineer, Leaps to Death From Hotel Building in N. Y. City.

New York, July 3.—Arthur S. Raymond, a mining engineer of Joplin, Mo., leaped to his death from the roof of the twenty story Commodore Hotel here early this morning. The reason for the act is not known.

Appoint Administrators.

Hiram W. Montgomery, of Skidmore was appointed administrator of the estate of the late Charity B. Banks, who died last April 28, in the Probate court today.

William C. Alexander of Pickering, was appointed administrator of the estate of John L. Alexander, who died April 11.

Montgomerys to Colorado.

Mr. and Mrs. J. F. Montgomery will leave Saturday evening for an extended visit with relatives in Denver, Loveland, and other points in Colorado. During their absence, their son and wife, Mr. and Mrs. Will J. Montgomery will occupy the Montgomery residence.

"AVENUE OF ELMS" HERO MEMORIAL

D. A. R. MAKE PLANS FOR PERMANENT HONOR TO DEAD SOLDIERS

TO BE ON S.T.C. CAMPUS

Plans Made to Erect Columns Bearing Names of "Gold Star" Heroes at Each End of "Avenue."

Many cities, towns and counties throughout the United States are making plans for a permanent memorial to their boys who made the supreme sacrifice in the great war, and at a meeting of the Daughters of the American Revolution held yesterday afternoon at the court house rest rooms the first step toward such a memorial for the Nodaway county "gold star" heroes was taken.

The plan suggested and approved at the meeting yesterday was for the planting of an Avenue of Elms on the State Teachers College campus, with each tree to represent a soldier who died in the cause of democracy. President Ira Richardson, of the State Teachers College, gave his permission for the planting of the trees there, and the site selected was along the driveway southwest of the College building.

In addition to the trees, it was planned yesterday to erect a column at each end of the avenue on which will be affixed bronze plates bearing the individual names of the dead heroes.

The D. A. R. organization will have charge of the work of the arranging and planting the trees, and a memorial dedication will be held at the site when the work is completed.

Following the discussion regarding the new memorial yesterday the annual election of officers was held, the following being selected for the coming year: Mrs. Will Montgomery, regent; Mrs. Joseph Jackson, vice president; Mrs. H. A. Foster, recording secretary; Miss Katherine Helwig, corresponding secretary; Miss Mary Q. Evans, treasurer; Mrs. C. C. Corwin, historian; Mrs. D. J. Thomas, registrar; Mrs. Dale Bellows, librarian; Miss Elizabeth Leet, custodian.

VILLA WOULD HANG AMERICANS

Bandit Bitter Toward U. S. Since Recent Defeat by Yanks.

El Paso, Tex., July 2—Francisco Villa ordered all Americans hanged when captured, following the crossing of the American Expedition, according to a foreign resident of Northen Mexico, who reached the border today. He sent a train to Villa Ahumada to capture Americans known to be there, the refugee said, and was so bitter toward them he threatened to kill Hippolito Villa, his brother, because of Hippolitos professed friendship for them, according to the refugee's statement.

Villa and Martin Lopez quarreled after the retreat from Juraez, he said and divided their forces.

A HOMECOMING FOR PERSHING.

Laclede, Mo., the General's Birthplace Proposes Statewide Greeting.

Laclede, Mo., July 2—Laclede is making arrangements for the homecoming of its greatest hero—Gen. John J. Prshing, commander of the American Expeditionary Forces. With the Peace Treaty signed Laclede and Linn County are confident General Pershing will soon return to the United States and visit his birthplace and boyhood home. Mayor Allen cabled General Pershing today for the earliest date he could visit Laclede. A state wide celebration is planned.

Rise in Dry Goods Prices.

New York, July 3.—Cotton goods and yarns advanced today as did many jobbers' domestics. Raw silk was higher. Burlaps were firm, and heavy weights advanced. Jobbers and retailers were buying steadily.

AUTOS OUT OF STYLE

Neil Montgomery of Skidmore, Buys Interest in an Airplane.

Nodaway county is progressing as fast as the rest of them and we can prove it. Neil Montgomery, son of H. W. Montgomery of Skidmore, has purchased an interest in an airplane, together with some of his chums.

Neil Montgomery was a lieutenant in the Air Service and the flying bug got into his system so strong there that he wants to be able to joy ride at his leisure. At present, Mr. Montgomery is connected with a large insurance firm in Chicago.

The Montgomery household may now expect their son to drop in and visit them most any time. It will, indeed, be a handy mode of travel from Chicago for a week end visit.

SENATE RATIFIES WOMAN SUFFRAGE

ACTION THIS MORNING FOLOWING RATIFICATION BY HOUSE

A MILD DEMONSTRATION

Will Remain in Session Until Monday to Pass $30,000 Appropriations Bill.—Undecided on Capital Punishment.

Jefferson City, July 3.—The Senate ratified the Federal Suffrage Amendment this morning, following the House's action last yesterday.

Jefferson City, July 3.—The House of Representatives ratified the suffrage amendment to the United States Constitution late yesterday afternoon without debate. It was adopted by a vote of 125 to 4.

The legislature will adjourn Monday, it was agreed today by resolution. Whether capital punishment will be taken up at this session has not been decided on.

Only a mild demonstration followed the adjournment yesterday after the big suffrage vote in the House. Representative Norman introduced a resolution to have the appropriation bills wait until the next session of the general assembly, thereby permitting the members to go home tomorrow. A howl of disapproval followed.

"We won't go until we get our dough," shouted one of the members, so it was agreed to remain over until Monday to pass the appropriation bills to pay the $30,000 expenses of this session. The introduction of the appropriation bill brought forth nearly as big a demonstration from the House members as the announcement that the suffrage amendment had been adopted.

DON'T WANT TO HEAR REED.

Georgia House Refuses to Invite Him to Speak on League.

Atlanta, Ga., July 3.—The lower house of the Georgia general assembly today voted down 84 to 54, a resolution inviting Senator Reed of Missouri, to address the house on the League of Nations. The senator will make a public address here next week in opposition to the league.

DISCONTINUE FUNSTON AS DEMOBILIZATION CAMP.

Washington, July 3.—The use of Camp Funston and several other camps as demobilization camps are to be discontinued after July 10 the War Department announced today.

ORDER NAVY WORK CONTINUED.

Portsmouth, N. H., July 3.—All work at the navy yard here was ordered continued by Secretary Daniels, who announced in a telegram today that President Wilson will sign the naval appropriation bill.

Guests at Harvey Home.

Mrs. J. C. Glenn of Kansas City and Mrs. Elizabeth Fox of Fort Worth, Tex., will arrive tonight to visit Mrs. Glenn's daughter, Mrs. Fred Harvey, and Mr. Harvey.

Mrs. T. B. Mumma and children, Pauline and Victor of Osceola, Mo., and Mrs. J. E. Burns of Blythedale, are spending a week here with Mr. and Mrs. E. T. Dale. Mrs. Mumma, Mrs. Burns and Mrs. Dale are sisters.

Miss Verna Crosby left this afternoon to spend the Fourth in St. Joseph. She will go from there to Ridgeway for a week end visit with her parents, Mr. and Mrs. G. W. Crosby.

ARE PLACING MEN WHERE DEMAND IS

COMMERCIAL CLUB EMPLOYMENT BUREAU BUSY THESE DAYS

PLACING 5 TO 15 A DAY

Secretary Pickens Asks Co-operation of Farmers and Laborers—No Regulation of Wages Attempted.

Secretary Pickens of the Commercial Club is placing from five to fifteen men every day in the harvest fields. Today promises to be a banner day at the employment bureau, for many townspeople are wanting to celebrate the Fourth by working on the farm tomorrow.

Mr. Pickens is helping two parties, those wanting harvest hands and those wanting work. He asks that the farmers co-operate with him by calling him, stating the number of men they need and the arrangements that can be made to get them to the fieds. On the other hand he requests that those seeking employment communicate their desires to him and tell him where they can be found.

So far most all farmers needing help and those wanting work have been accommodated in short order. Unlike most places the supply and demand have been about equal while in other communities the demand has far exceeded the supply.

All that the employment bureau of the Commercial Club seeks to do is to get the farmers and the workers together. Absolutely no attempt is made to regulate wages, that being settled between the interested parties to suit themselves.

Secretary Pickens asks that the farmers co-operate with him so that each may be of mutual service to each other.

DOG USES MAN TO LIGHT ON IN HIS LONG LEAP.

Alexandria, Ind, July 3—Dr. J. E. Hall walked out of his office on the second floor of a downtown building and locked the door. His dog stood on the ledge of the open office window and barked at the departing physician, but he barked in vain. A workman was repairing a water tap beneath the barking dog. A leap and the canine alighted safely upon the shoulders of the workman, who toppled over. The dog ran up to his master, barked and wagged his tail knowingly.

RETURNS WITH 47 WOUNDS.

Winchendon, Mass., July 3.—William Sanville, the most wounded man in the 26th (Yankee) Division, has arrived home. He bears forty-seven wounds. He was three times sent to hospitals but returned to the front line trenches. Among the souvenirs he carries are a silver rib, artificial kneecap, twelve pieces of hand grenade imdedded in his right shoulder, and a silver support in the left instep.

FAMILY SIGNS PEACE TREATY.

Cleveland, Ohio, July 3.—Peace once more reigns in the home of George Wilson.

The peace terms were written by Judge Kennedy. Mrs. Wilson promises to put forth a supreme effort to restrain the small Wilsons from crying while their father sleeps. Mr. Wilson agrees to discontinue a former practice of throwing cold water upon Mrs. Wilson when she failed to apply the muffler on the baby.

Mrs. L. M. Phipps and sons, John and Joseph of Grant City, are visiting at the home of her sister, Mrs. A. J. Anderson and other relatives.

Mrs. W. B. Key of Sapulpa, Okla., arrived this noon for a visit of several weeks with her sister, Mrs. Eldon Lloyd, and family.

BULLETINS ON BIG FIGHT

Democrat-Forum to Present Bulletins of the Fight by Rounds—Starts at 3 o'Clock.

Although there will be no issue of this paper tomorrow, the Democrat-Forum will offer to the citizens of Maryville an up to the minute bulletin service of the big Wilard-Dempsey championship fight at Toledo.

The progress of the fight by rounds will be flashed over the International wires to this city and bulletins will be immediately placed in the windows of the Democrat-Forum.

The bout is schcedued to begin promptly at 3 o'clock.

FRENCH WELCOME THE PEACE PACT

FULL TEXT OF DOCUMENT GIVEN OUT AT FRENCH FOREIGN OFFICE

HOPE SENATE RATIFIES

Paris Press Regrets Britain Does Not Unqualifiedly Propose Military Aid to France.

Paris, July 3.—The text of the defensive pact between France, the United States and Great Britain, was given out at the French foreign office last night, despite Secretary of State Lansing's statement an hour earlier, that it could not be communicated to the public until it had been submitted to the United States senate. The French press enthusiastically welcomes the official confirmation of the existence of the pact, and expressed the hope that the President will induce the Senate to ratify it. The Echo de Paris regrets that Great Britain does not unqualifiedly propose military aid to France.

Washington, July 3.—President Wilson is bringing home with him the text of the pact which would pledge the United States to immediately give military aid to France in the event of an unprovoked attack upon her by Germany, it was learned here today.

Washington, July 3—It is expected that the George Washington will dock at about 2:30 o'clock Monday, the White House was advised this afternoonn.

Mr. Hart Released From Navy.

W. A. Hart, who was released from the U. S. Navy in St. Louis, July 1, was in Maryville yesterday visiting his aunt, Mrs. Hattie Hogue. After a short visit with his father, F. L. Hart of Parnell, and other relatives, he will join his wife, who is at the home of her parents, Mr. and Mrs. Alex Fraser, in Akron, Colo.

Mrs. H. C. Carnagey and children, Pauline and Lou James of Kansas City, came yesterday to spend a month with Mrs. Carnagey's mother, Mrs. Lee DeVore.

Miss Flossie Stundon and Margaret Dietz of Maryville, will be the week end guests of Miss Dorothy Stundon of Barnard.

Mr. and Mrs. E. L. Ferritor and family have as guests today Mrs. W. H. McGargill and sons, Delmas, Roger, Jerome and Gerald, of Imogene, Ia., who are motoring to St. Joseph to visit Mrs. McGargill's mother.

HOLLWEG'S OFFER TO BE REJECTED

LLOYD GEORGE'S ANNOUNCEMENT TO HOUSE OF COMMONS DEATH BLOW TO PLAN

TO TRY THE 'REAL' KAISER

British Premier Calls League of Nations Greatest Guarantee of Civilization.

London, July 3.—Lloyd George, this afternoon, laid the text of the German peace treaty befort the House of Commons and announced that the ex-kaiser would be tried soon before an international tribunal sitting in London. At the same time he made his first official announcement in the House of of Commons that the United States and England had pledged themselves to go to the immediate aid of France, if France is made the object of an unprovoked attack of aggression by Germany. In addition to the kaiser all other persons "supremely responsible for the war" are to be brought for trial before the international tribunal the prime minister added. His announcement is a death blow to the German element which had hoped the Allies would accept the offer of Von Bethman-Hollweg, former German Chancellor, to substitute himself for the ex-kaiser to trial for the war responsibility.

London, July 3.—Premier Lloyd George called the League of Nations the greatest guarantee of civilization. The league is not something to be blown away at the first gust of war, said the premier. The day that Germany will enter the League of Nations will depend upon Germany's action, the prime minister said.

PEACE TREATY BEFORE GERMAN ASSEMBLY SATURDAY

Copenhagen, July 3.—A bill providing for the ratification of the peace treaty will be introduced in the German National Assembly Saturday, and is virtually sure of adoption, according to the Weimar correspondent of Politiken today.

R-34 HALFWAY ACROSS.

London, July 3—At last reports the monster dirigible, R-34, was over halfway across the ocean late report said.

Phil Colbert Home.

Phil Colbert, son of Dean and Mrs. G. H. Colbert, returned this morning from Rolla where he has been attending the state school of mines. He is taking the civil engineering course.

STILL THEY COME HOME.

Elmer Bick of Bedison, arrived home last night, having received his discharge at Camp Zachary Taylor this week. Mr. Bick was a member of the 7th Regular Army Division which was stationed in France ten months. Bick was in the service fourteen months.

Miss Pearl McGinness spent Saturday and Sunday with Miss Maye Logan near Arkoe.

WEATHER FOR TODAY

Fair and continued warm tonight, Friday partly cloudy, probably becoming unsettled in the northwest portion.

ELECTRIC THEATRE

Friday, July 4th—Larry Semon in **"BEARS AND BAD MEN"**—a big V comedy—also "Perils of Thunder Mountain." Matinee at 2:30—6c and 11c. Night 8 and 9:15—11c and 17c war tax included.

MEMBER MISSOURI PRESS ASSOCIATION

40 Years Ago Today

(From Nodaway Democrat of July 3, 1879)

The Maryville Band will discourse sweet music at Savannah on the Fourth. The boys will go down Thursday evening.

The Catholics at Conception are beginning the erection of a large church edifice. They have manufactured the brick themselves to be used in the building.

Burlington Junction is to have a Post, that is, a paper by that name. Will M. Smith and Frank Semans, we learn, will usher forth the new paper into the world. We were told by a carpenter who had been at work at Burlington Junction that four hundred lots had been sold up to last Saturday. Quite a number of buildings are under contract.

Among other items in the Guilford correspondence of the Barnard Times of last week, it is stated that Frank Bellows is going to put up a pair of scales and a stock yard at Conception. Frank is chuck full of enterprise.

Which shall hold the fort? Cleveland or Burlington Junction.

We have heard considerable talk of late among our citizens about Maryville having a park. By all means let us have one. Land is cheap now and can be bought within a reasonable distance, and the cost of buying and improving a nice park, that we would all be proud of, would be but a small tax on the people.

From John H. Bohart we learn the following concerning mail routes and postoffices in the southwest part of this county and adjacent country. Hughes postoffice is not discontinued, but the route between Hughes and Graham is. The mail from Hughes to Maryville will be carried as heretofore—three times a week. Francis Freytag of Graham will carry the mail between Hughes and this place, and will also run a hack from Graham here three times a week. The route from Quitman to Union Valley has been discontinued, and the latter office will now get its mail from Graham. The route between Whig Valley and Graham has also been discontinued, and from Fillmore to Parker—the latter place now getting its mail from Graham. Lyle postoffice has been established about midway between Graham and Barnard. Graham now gets all its mail from Barnard. The above changes too effect July 1.

The Nodaway Valley Bank statement at the close of business June 20, 1879, had deposits of $141,127.29. James B. Prather and Theo L. Robinson were in charge of the bank.

"HAPPIEST MAN IN STATE," HE SAYS

Farmer Now Eats Things He Hadn't Touched Before in Nine Years.

"I had about given up all hopes of ever being a well man again, but since taking a few bottles of Tanlac I am enjoying as good health as I ever did in my life, and have gained twenty-five pounds in weight," said Raymond E. Latham, a well known farmer who lives at Manito, Ill., while in Peoria the other day.

"A man never appreciates good health until he loses it," said Mr. Latham, "at least I didn't. Up to the time my health failed me about nine yeas ago, I didn't know what it was to be sick. I had a fine appetite all the time, and when we came in from the corn fields at meal times, I could eat big, hearty meals an denjoy them. I just want to say in this connection, that we always believed in having plenty of the substantial kind of food that keeps a man in condition to do the work on a farm, and when I reached the point where I didn't feel like eating that kind of a meal I knew that something was wrong. I discovered a little later that my stomach was in bad shape, and in a short time after I ate a little, I would have sour stomach. Then I would be bloated up with gas for two or three hours after every meal. This condition kept on getting worse until I began to have attacks of acute indigestion, and was told that these attacks were liable to kill me any day. I finally got so weak and rundown that I was hardly able to do any work at all. I would have gladly given every dollar I possessed to get back my health, but nothing I did seemed to help me.

"Nearly every day I would read in the papers about Tanlac, and I personally knew some of the folks that were giving these statements, so I decided to give Tanlac a trial myself. Well, sir, in little or no time I began to want to eat. My appetite came back in full force, and I was the happiest man in the state of Illinois when I found my food was agreeing with me. I was soon eating just the same things, and as much of them, as I did nine years ago before I lot my health, and I have kept it up ever since. I am in as good health now as I ever was in my life, and there isn't a man on my farm than can do more hard work in a day than I can. I am never bothered with indigestion or gas on my stomach, and in fact I am entirely free from all my troubles. You couldn't name a price that I would consider, even for a second, for the good Tanlac has done me. I am well and strong now, and that is just the reason why I want to tell the world about Tanlac and all it has done for me."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, and in Arkoe by Rufus R. Smith."

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time," "I am so nervous it seems as though I should fly," "I can hardly drag around today," and all such expressions are characteristic of women who have overtaxed their srength until head aches, backaches, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.—Adv.

COUNTRY ROADS

Good roads promote self-respect in a community. They make possible social intercourse. They bring the benefits of churches and schools within the reach of all. They help to keep the boys on the farm. They cheapen the cost of transportation of farm products to the markets and thus add to the farm profits. They add to the value of farm lands much more than they cost. They mark the degree civilization of the rural community.

Roads may be divided into three general classes, as regards construction, dirt roads, various kinds of macadams, and pavements such as brick, concrete asphalt, etc.

When choosing the kind of material to be used, take into consideration the amount of traffic measured in tons, the size of the individual loads, the kinds of vehicles used for transportation purposes, the provision made for maintenance, the cost of available materials, and the amount of technical skill necessary in using such materials.

Some of the materils or combinations of materials which might enter into the construction of temporary country roads in Missouri are earth, shale, slate, chert, gravel and rock, or sand mixed with clay or gumbo. For heavy traffic on thru routes pavements may be required, but these are not ordinarily classed as "country roads."

Some of the things which determine the cost of road construction are: Cost of right of way; cost of clearing and grubbing; amount and kind of material to be excavated and amount of filling to be done; amount of ditching for surface drainage and tiling for sub-drainage; number and size of stream crossings necessitating culverts or bridges; cost of securing and placing material.

The three principal divisions of actual road making are location, construction, and maintenance. In planning a road it is necessary that we take into consideration all three of thsee steps, since proper location affects the cost of construction and may materially reduce cost of maintenance.

Some of the things to be considered in locating a road are easy grades, good drainage, exposure to sunshine, elimination of culverts and bridges by avoiding unnecessary creek crossings, directness and te number of farms to be served for a given length of road. Whenever possible to avoid it, ag ood location should not be rejected merely because a certain roadway has been in use for some time. If the location of a road is band it should be changed if possible. In relocating roads avoid railroad crossings at grades.

SAVE BLUE-GRASS SEED.

Jefferson City, July 3.—The unusual appeal of "Save Your Blue grass Seed" is being made by Secretary Jewell Mayes of the Missouri State Board or Agriculture, who announces is heavier and better than the product from Kentucky. Blue-grass also grows taller in Missouri, and is a profitable crop both for seed and pasture.

From Cass county to Gentry county is a section that far distances Kentucky for blue-grass. Clay and Clinton counties developed, the first in the United States, the practical harvesting and cleaning of blue-grass seed, the story revolving around the town of Kearney.

That is pays to gather and sell blue-grass seed is self-evident when an acre of blue-grass not grazed on until well up in June will produce from eight to fifteen bushels of dry blue-grass seed, worth on an average from year to year a dollar per bushel of fourteen pounds. Blue-grass pasture left standing until the seed is saved will fatten stock and tide stuff over the dry weather better than if pastured earlier.

The State Board of Agriculture guarantees to find several buyers for each crop of properly saved blue-grass. Persons desiring to buy or hire blue-grass gathering machines may secure such machinery practically without cost from seed houses which will gladly buy the seed in advance.

SPECIAL TRAIN FOR HARVESTERS

St. Louis, July 3.—Dispatches from Topeka, Kansas, say that Director General of Railroads Hines has authorized that special trains be used to carry harvesters from this city, Kansas City and other Missouri points to the Kansas wheat feilds.

A drowsy, half-sick, discouraged feeling is caused by a torpid liver and impurities in the stomach and bowels. Prickly Ash Bitters is a prompt and efficient remedy. Men who work need its cleansing and stimulating effects. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.—Adv.

CLOVER BLOAT.

Jefferson City, July 3.—That Missouri farmers must look out for "bloating" among cattle now running on clover pastures is the warning of State Veterinarian D. D. F. Luckey of the Missouri Board of Agriculture. The weather in many sections has been favorable for the abnormal growth of clovers.

The danger from clover bloating is greatest on damp, cool days when clover is fresh and palatable. The "rumen" (or paunch) becomes overloaded, and fermentation causes an abnormally rapid generation of gas.

The symptoms usually develop in a very short time. A cow may be in dangerous condition within a half hour after eating heartily of white or other clovers. Frequently, the bloating is so tense as to produce death before treatment can be given. The rumen becomes so distended with gas as to press forward on the lungs, making it impossible for the beast to inhale air, literally smothering it to death.

The principal prevention is to keep cattle off of rank clover pastures, especially early in the morning, after showers, or during damp and cool days. Such pastures must be used with care. It has been claimed that feeding dry wheat straw, or cured hay, will tend to prevent bloating when cattle are turned on clover pastures. There is no question but what this will help some, but it cannot be counted on as a sure preventative of bloating.

Some dry feed should be given when cattle are pasturing upon a rank growth of clover. In addition, a liberal quantity of freshly burned charcoal should be kept before the cattle. Burn charcoal every two or three days, powder it add a little salt and leave where cattle may lick at will. There is practically no danger of over-feeding charcoal, and this will help a lot in preventing bloat. In some cases bloating will occur even when cattle are kept off clover until noon. There is no absolute means of prevention of bloat when cattle graze on clover.

The curative treatment for bloating depends on the condition of the animal when found. In many cases the brute is found dead, in others in condition to die in a few minutes. Treatment must be administered promptly. In acute cases, there is no time for giving medicines. The only successful treatment is to puncture the rumen and let the gas out. Unless this is done promptly, death may result. The trochar is the proper thing to use, and should be cleansed and disinfected, as should the hair and skin where it is to be inserted. use the necessary force and drive the trochar into the rumen on the left side, at a place several inches forward and downward from the point of the hip where you will find a drum-like condition.

In some instances the trochar will not be available, and there will be no time for cleaning and disinfection. In such an emergency do not hesitate to use a pocket knife, or even a butcher knift. Let the gas out, or the cow will die. If these crude instruments are to be used, the opening should be quite large. Use the big blade of the pocket knife and then cut the hole just a little bit larger so the gas escapes freely. This operation is not particularly dangerous, and should not be delayed when the life of the bovine is in danger.

WILLIAM H. LEWIS TO AID LABOR SITUATION

State Labor Commissioner to Take Up Task Left by U. S. Employment Service.

St. Louis, July 3.—William H. Lewis, state labor commissioner has thrown himself into the breach caused by the suspension of the United States Employment Service and proposed to begin immediately to carry on the work of securing jobs for the unemployed. An office has been established in this city.

The new state employment office will not be operated on the same scale as the United States Employment Service, but will do all possible to secure work for those unemployed. J. W. Noonan has taken charge of the new office. His appointment was made by Commissioner Lewis. The commissioners states there are sufficient resources to carry the service on.

"The State of Missouri has maintained an employment service for the past twenty years." Commissioner Lewis declared. "The preesnt plan is just a continuance of the service. A very satisfactory result has been obtained for several years at St. Joseph, Mo., and this experience would rather indicate that satisfactory service can be delivered here.

"Following so closely upon the work of the Federal Bureau, the State Bureau will be in a position to deliver a maximum result from the beginning on a comparative basis and while it is likely the capacity of the bureau will be taxed to meet the situation the public may rest assured Mr. Noonan and his associates will do everything in their power to make up, as for as possible, the loss of the Federal service."

A coated tongue, bad breath, dizziness and a clogged condition in the bowels can be quickly relieved by using Prickly Ash Bitters. It is a man's remedy for such ailments. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.—Adv.

Use Barriers for Chinch Bugs.

In some sections of the state the chinch bugs seem to be unusually abundant in spite of the heavy fainfall of the last two months. Where the rainfall has been light the bugs are abundant. When the wheat is cut they move into corn or other crops.

Where the bugs are abundant and moving, use barriers at once, advises L. Haseman of the University of Missouri College of Agriculture. If the ground is dry one or two parallel ditches should be plowed and a log drag kept going in them to maintain a dust mulch and kill the bugs as they fall in. In case of rain run a line of tar, heavy road oil or crude carbolic acid as a barrier. Smooth a path with a hoe on which the chemical may be run. Any discarded pail can be used for distributing the chemical. Drive a nail through the side of the pail near the bottom and when the chemical is not being distributed plug it with a splinter. The hole should be just large enough so that a thin line of the chemical will dribble out as one walks along the path. Renew the chemical often enough to prevent the bugs from crossing.

Where bugs are already in corn, spray or sprinkle with coal oil emulsion. Break two gallons of coal oil in one gallon of boiling soap suds and then add seventeen gallons of water to the milky stock solution before applying it.

Do not wait for the weather to become favorable for the fungus or so-called chinch bug disease to germinate and destroy the pest, but prepare the barriers at once. Scattering a few inoculated bugs in the field only adds a few more spores of the fungus but all fields are well stocked laready.

Where the bugs are abundant now all waste places should be burned over this fall.

INDUSTRIAL EXPOSITION FOR ST. LOUIS OCT. 15.

St. Louis, July 3.—The St. Louis Exposition of Industrial Arts and drafts, which will open October 15, for four weeks duration already promises to be the biggest enterprise of the reconstruction era for St. Louis.

The exposition will have a direct local meaning to every industry in this city in which design, beauty or art can be used.

An appeal to the city is now being put forth general participation to make the exposition a complete success.

Don't Lose Your Head

As midsummer work piles up on the farm until it seems as if you could never get through it in the world, don't blow up. Take an hour off in the evening and read this week's issue of

The COUNTRY GENTLEMAN

Somewhere in it you'll find a hint that will save you some work—I don't know what it will be, because I don't know just what your particular kind of farming is, but there's enough variety in the articles so you're dead sure to find one that is certain to help you.

There's an article about hogging down corn—the labor-saving way; there's one about growing and shipping potatoes—the money-making way; another about shipping stock by motor—the time-saving way; another about packing fruit—the attractive way; others about building a farmhouse, feeding steers, growing sheep, tending the poultry; and on the Handy Farm Mechanics page there's an idea that may save you a lot of time and cash—loading a truck with its own power! So it goes. That's only part of *one week's* issue—part of 1/52 of a year's subscription—a *real* dollar's worth. Don't lose your head! Subscribe now!

Miss DeMotte Weds.

Mr. and Mrs. N. S. DeMotte of Weatherford, Okla., formerly of this city, announce the marriage of their daughter, Maude Alice, to Harvey James Thacker, Sunday, June 29. After July 10 Mr. and Mrs. Thacker will be at home in Weatherford.

Munn Dinner Party.

Mrs. Mary Munn entertained at a 6 o'clock dinner last night for Mrs. J. M. Mulligan of Sharpsville, Pa., Thomas Muligan of Sharon, Pa., Mr. and Mrs. R. W. Graham of Clyde, Mrs. T. J. Parle, Misses Anna and Grace Parle, Bessie Graham, and Lillian and Raymond Munn.

Bradley-Wilson.

Announcement has been received of the marriage of Miss Edna Bradley, daughter of Mr. and Mrs. Henry Bradley of Ravenwood, and Charles M. Wilson of Stillwater, Okla., Monday, June 23, in Wichita, Kan. Mr. Wilson formerly lived in Pickering. The couple will make their home in Stillwater.

Picnic at Big Lake.

A party of people living near Arkoe spent Sunday at Big Lake. At noon a basket dinner was served to the following: Mr. and Mrs. W. R. Logan, Mr. and Mrs. J. B. Clements, Mr. and Mrs. C. F. Clements, Mrs. Clements, Misses Pearl McGinness, Dollie Clements, Maye Logan, Bernice and Dorothy Clements and Spen Clements, Walter Logan, Jacob Clements, Cecil, Donald and Hubert Clements.

Miss Lincoln Weds.

Mrs. Chas. Birkenholz, living near Sheridan, has received the announcement of the marriage of her sister, Miss Fay Lincoln, to Victor L. Schleppegrell of Osavis, Minn., which took place at Bellefourche, S. Dak., Monday, June 23. The bride is the youngest daughter of S. M. Lincoln, who formerly lived near Pickering. She has been teaching near Mannhaven, N. Dak., the past year. After a short visit with relatives in South Dakota and Wyoming, they will be at home in Montana where the groom will attend a universiy.

Florea Family Reunion.

A reunion of the relatives of Mr. and Mrs. Chas. Florea was held Sunday at their home near Hopkins, in honor of Mrs. Florea's brother and wife, Mr. and Mrs. E. J. Whitman and their daughter, Joyce, of Seattle, Wash. A basket dinner was enjoyed at the noon hour in the grove and the menu included shrimps and crabs, which had been shipped from Seattle, Wash., for the occasion. The company numbered about 150. Relatives from a distance were C. N. Whitman of Merna, Neb., Mrs. H. C. Garten of Newton, Kan., Mrs. John Hood of Stroud, Okla., a brother and sisters of Mrs. Florea.

Mrs. Leet Hostess.

Mrs. T. H. Leet was hostess to theh Mothers Club and the Cradle Roll class of the South Methodist church yesterday afternoon at her home on East First street. The attendance was the largest since the organization of the club last March. During the business session the club decided to give a picnic supper Friday evening, July 18, on the lawn at the home of Mr. and Mrs. I. B. Williams on East 3rd street, at which the families of the members will be guests. There was a general discussion of the club lesson, "How to Train the Appetite of a Child," led by Mrs. Joseph Cornell. The Cradle Roll members, in chrage of Mrs. E. T. Dale and Mrs. R. C. Seal, enjoyed games in the yard and each child was given a small flag as a souvenir. Refreshments of cherry ice and cake were served by the hostess. The visitors for the afternoon were Mrs. T. B. Mumma and children, Pauline and Victor, of Osceola, Mo.; Mrs. J. E. Burns of Blythedale,Mo.; who are guests of Mrs. E. T. Dale, Mrs. J. W. Blagg, Mrs. Brown, Mrs. M. E. Farrar, Mrs. Fred L. Curfman, and Mrs. R. C. Seal. The next regular meeting will be held the first Wednesday in August with Mrs. Joseph Cornell.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Rose Co., Cleveland, O.

W. M. S. Meeting Postponed.

The Woman's Missionary Society of the Christian church have postponed their meeting from tomorrow afternoon to Friday afternoon, July 11, when Mrs. Eugene Lyle will be the hostess.

Neighborhood Picnic.

A number of neighbors will give a Fourth of July picnic supper tomorrow evening on the lawn at the home of Miss Audrey Howendabler and Miss Nannie Moses on South Buchanan street. The party will include Dr. and Mrs. S. A. Coile, Mrs. Speck, Mr. and Mrs. Virgil Keene, N. B. Lamar, Dr. and Mrs. J. C. Allender, C. E. Stilwell, Mrs. F. M. Martin, Miss Mabel Martin, Dr. Vilas Martin, Mr. and Mrs. George Null, Mrs. Harvey Hall, Mr. and Mrs. W. R. Smiley, Mr. and Mrs. John Herren, Mr. and Mrs. Norman Chamberlin and their guest Mrs. A. C. Malone of Bonne Terre, Mo., Mr. and Mrs. C. C. Corwin, Miss May Corwin, Mr. and Mrs. L. H. Evans, Jennie and Evan Evans, J. M. Evans, Miss Howendobler and Miss Moses.

No W. R. C. Meeting.

There will not be a meeting of the W. R. C. tomorrow afternoon on account of the national holiday.

FRECKLE-FACE

un and Wind Bring Out Ugly Spots —How to Remove Easily.

Here's a chance, Miss Freckle-face o try a remedy for freckles with the uarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while it if does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist nd a few applications should show you how easy it is to rid yourself of the homely freckles and get a beauiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

"Mother Love" Wins Out.

"Old Bess' is only a mongrel cur. Nobody claims her as their property and in the canine world she is a "tramp" but she is a mother—and her mother love instinct showed itself in a touching little manner today.

Cooper Gooden, dog enumerator, discovered "Old Bess' with her four little puppies in a lot near the Standard Oil Filling station, and according to his duty would be required to put an end to the little family. But even a mother dog can plead for her young, and the execution has been post poned for a time at least.

Miss Mary Boggs left this morning for St. Joseph.

Mrs. George McMurry went to Bolckow this morning to spend a few days with her father, Dudley Messick.

Dr. Bert Wallace of Shawnee, Okla., came this noon to visit his brother, George Wallace, and other relatives.

Miss Maye Logan is spending a week with Miss Pearl McGinness near Wilcox.

Harold Ryan spent Sunday in Albany at the home of Mrs. Mary O'Malley and her daughter, Miss Ruth.

Merrill Alderman left this afternoon for Waterloo, Ia., where he will spend the Fourth with this brother, Harry.

Peculiar Patches in Sky.

Not less than 182 more or less clearly defined dark patches in the sky are recognized by Prof. E. E. Barnard in his latest catalogue. In some cases they are fairly round and regular, in others they are of complicated and contorted form and their appearance and sharpness suggest that they are dark clouds or nebulae cutting off a background made faintly luminous by unseen stars or diffused nebulous matter. Most, though not all, of the dark patches are in the region of the Milky Way, where so much of the material visible in the heavens is concentrated.

Belt Had Tightened.

Two soldiers from Fort McKinley, Maine, attended a bounteous repast on Thanksgiving day, and after partaking of the most varied assortment of dishes, the hostess inquired if they would have anything else. One soldier gazed longingly at the fruit, candy and ice cream as yet untouched, and remarked: "A little more room, please."—Everybody's Magazine.

SCHOOLBOYS DIE OF PECULIAR SKIN DISEASE.

Salina, Kan., July 3.—With the death of Louis Keyte from an unknown skin disease here, three schoolboys have died. The first death was that of George Isaacs, who lived a week after being stricken. Phillip Farrel lived thirty-six hours. Louis was ill four weeks. A fourth boy recovered.

The disease starts with what appears to be a skin hemorrhage, which later turned into spinal meningitis. At first it was thought the disease came from the Y. M. C. A. swimming pool, but investigation disproved this theory.

MORE PRINTERS NEEDED.

St. Louis, July 3—St. Louis employers are urging high schools to turn their attention to the printing business.

The Ben Franklin Club of this city, composed of employing printers and men in allied industries, has begun a movement to interest boys.

"The need for apprentices was never so urgent as now," say Oliver Wroughton, secretary of the Graphic Arts Association of Kansas City.

Arkoe M. E. Church.

Sunday school at 10. Next Sunday the pastor will preach both morning and night. The following Saturday, July 12, at 2 p. m., the last quarterly business meeting will be held. Please be on time and bring written reports. Sunday, July 13, at 11, Dr. W. F. Burris, district superintendent, will preach followed with a basket dinner in honor of our returned soldiers. At 2, Rev. Dayhoff will preach. You are invited.

ARTHUR S. OLSEN, Pastor.

205,320 MOTOR VEHICLES REGISTERED IN MISSOURI

17,270 More machines in State Than During 1918; $1,532,543.45 Brought to Good Roads Fund.

Jefferson City, July 3.—Up to July 1, there have been registered 205,320 motor vehicles in Missouri for the current registration year which began February 1, 1919.

The registration to date shows an increase of 17,270 more machines in the state than were registered for the entire year of 1918.

St. Louis has 38,586 automobiles, 8,653 chauffeurs, 1,160 motorcycles; Kansas City has 27,850 automobiles; 3,142 chauffeurs and 619 motorcycles.

The registration has brought to the good roads fund this year $1,532,543.45 or $137,781.26 more than for the same period last year.

GLAD SISTER ESCAPED OPERATION

"Physicians had given my sister up to die; they wanted to operate for gall stones, but she was too weak and could only talk in whispers. I got her a bottle of Mayr's Wonderful Remedy and in 3 weeks she was able to get about and walked a mile to church." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—Maryville Drug Co., and Druggists Everywhere.—Adv.

Take your kodak finishing to the Bee Hive Shoe Store. Carpenter. 13.

LINCOLN'S CHAIR ENTERS INTO MARTIAL DISPUTE.

Springfield, Ill., July 3.—George B. Lloyd owns Abraham Lincoln's old chair, made and presented to the latter by an ardent friend and hunter, a jury in the circuit court declares. They settled a dispute between Lloyd and his wife when the latter claimed the chair, fashioned out of elk horns, following a separation. Lincoln gave the prized article to his son, who gave it to Lloyd, and when the Lloyds agreed to disagree in the matter of martial happiness a wrangle over its possession developed. The foregoing court action followed.

Kodak finishing is a business—not a side line with us. Carpenter. 13.

FIRESTONE records show that mileage adjustments were so few and trouble came so seldom that a new basis of adjustments was arranged:

Fabric Tires, 6000 Miles
Cord Tires, 8000 Miles

Your dealer knows that the Firestone Gray Sidewall Tires have delivered such mileage as to make this new standard adjustment more conservative than the old standard was for ordinary tires.

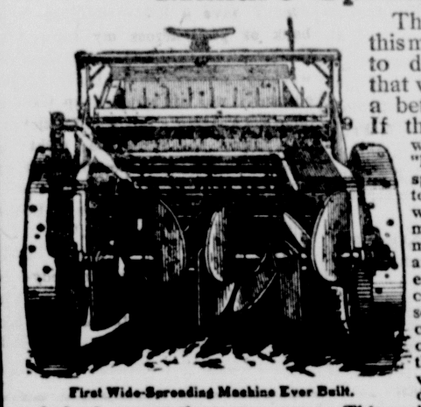
We Have Always Wanted To Handle the BEST Manure Spreader---And We've Got It.

As all our friends know, we have been engaged in the farm implement business right here for a long time. We've made it a rule to handle only thoroughly reliable goods. No matter how tempting a maker's proposition is, we leave it alone, unless we are convinced that the article will be of real value to our customers.

Now please keep this rule of ours in mind and then come in and see the

NISCO Reg. U.S. Pat. Off.
The "New Idea" Manure Spreader



First Wide-Spreading Machine Ever Built.

The fact that we have this machine set up, ready to demonstrate, shows that we believe there isn't a better spreader made. If there had been we would have found it. "Nisco" is the original wide-spreading spreader. Built to spread outside its own wheel track when other machines merely dumped manure behind. Low down and light draft, easy to load, easy on a team. Its chain conveyor brings every scrap of manure to the two cylinders where it is thoroughly pulverized and thrown onto swiftly revolving steel paddles that distribute it in even width and depth across three corn rows. This makes driving over spread manure unnecessary.

The Nisco Spreader can't clog and spreads at will, 3, 6, 9, 12, 15, 18 loads per acre. It has a chain drive—no gears to break or strip from cold or under sudden strain. Wide tires fit the "Nisco" for use on soft soil. The Nisco Spreader is thoroughly well built of exceptionally stiff and sturdy materials, and the makers cheerfully guarantee it for a year against breakage from any cause. With proper care it will last a lifetime.

Now here is a machine that will give you dollar for dollar on a moderate investment in one year's time; because if used regularly it will absolutely save the full fertility value of manure and put it on the soil in such condition that growing plants can get it all.

The Nisco Spreader will save you money. Come in and see it next time you're in town. You'll be interested.

DON'T FORGET TO ASK US FOR THIS FREE BOOK We've a book here we would like you to read—"Helping Mother Nature." Tells more about the care and use of manure than you ever thought of. Written by an expert and full of right-up-to-the minute scientific data. Don't forget this—it's important.

Yours for better farming.

Elmer A. Holt Implement Co.

YANKS IN HUNLAND START HOME.

Withdrawal of American Army of Occupation is Begun.

Paris, July 3.—The American Army of Occupation technically ceased to exist yesterday when the removal of the units still in the Rhineland began. It is expected that within a comparatively short time there will remain on the Rhine only one regiment, with certain auxiliary troops, totalling approximately five thousand men.

The 4th and 5th Divisions entraining for Brest yesterday, will be followed eventually by the 2d, 3d and 1st divisions, in the order named.

"Our flag is there, our word is there, and our honor is there," General Pershing told the correspondents today in speaking of the American Army in Europe. "Until there is undisputable evidence that the job has been, completed, Americans will stand by to do their part."

General Pershing said all troops will be returned to the United States thru France, most of them sailing from Brest. His general headquarters at Chaument will be closed within a fortnight and he will establish his headquarters here, remaining until the end of August or the first part of September.

A MARYVILLE MAN'S EXPERIENCE.

Can you doubt the evidence of this Maryville citizen?

You can verify Maryville endorsement. Read this:

James C. Lornson, retired farmer, 1023 N. Mulberry St., says: "Whenever I have a little stiffness in my back or pain across my hips, I use Doan's Kidney Pills. At one time when my kidneys were badly congested and I was all crippled up with the lame back, Doan's removed all the pain and misery and fixed me right up. They also removed the dizziness and improved my health in every way. I never fail to praise Doan's Kidney Pills when I have a chance."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lornson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. —Adv

Bukwheat as a Crop.

Buckwheat is grown successfully in Missouri. The farmer need have no fear of this crop being damaged by either insect enemies or fungous diseases, as the buckwheat plant is but litle affected by either of these. It sometimes fails to set seed, however, when weather conditions are unfavorable.

Buckwheat should be sown on land prepared as for corn. It is an excellent crop to sow where corn or some other crop has been planted but failed to get a stand. Prepare for buckwheat by disking or harrowing. It may be planted later than corn, and is in fact an emergency crop for overflowed land or where the corn stand is a failure.

Buckwheat is valuable as a human food. It is also an excellent feed for poultry.

Buckwheat is an excellent crop for destroying weeds, and for renovating and putting the soil into fine mellow condition.

Buckwheat is seeded at 3 or 4 pecks per

Leave for Extended Visit.

Mrs. Adolph Lippman and granddaughter, Emma Brash, left this evening for a two week's visit in St. Joseph after which they will spend sometime visiting in Excelsior Springs and Kansas City.

Miss Inez Moore returned Tuesday night from a visit of three weeks in Kansas City with Mrs. Robert Vogt, She was accompanied home by her mother, Mrs. D. C. Moore.

Mr. and Mrs. Lee Haigwood and baby daughter, Eleanor Maxine of Shawnee, Okla., arrived this noon for a visit at the home of Mrs. Haigwood's brother, O. C. Wallace and family.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection.

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs, which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. For treatment of your individual case address Chief Medical Adviser, Swift Specific Co., Dept. 43, Atlanta, Ga.

Would You Cut Wheat With A Cradle?

If you were suddenly deprived of modern machinery would you go back to the old fashioned methods of cutting grain with a scythe and threshing it with flails?

Probably you'd quit raising grain.

Hauling grain, hogs, corn, hay and other produce to market in small lumber wagons with teams will some day be looked upon as old fashioned and we will wonder how we ever afforded the time and labor it takes to handle farm produce that way.

Everybody will have one or two motor trucks, And this will happen in a very short time—in fact, many farmers in Nodaway county are considering trucks now, and the size of the present crop makes it almost impossible to get along without them. The question is—

What kind of a truck to buy?

Experience in using machinery and automobiles proves that the best we can get is usually the cheapest, and this will be very true of trucks because they will have to stand hard use. Good roads will add to the life of trucks, but nothing will make them last like real quality in the making and care in balancing them so they will give the most service with the least wear.

Sandow Trucks

Have had a mighty good try-out by hundreds of users in the large cities, in the transportation of great over loads and road service between towns. Their great strength, stamnia and absolute dependability prove them to be the best truck for farm use, and when you have decided to get a truck we are sure you will want to see the Sandow—

When you have seen it we are pretty sure of the verdict.

COURTHOUSE 'BOYS' TO CELEBRATE 4TH

"TAKE DAY OFF" AND SHOCK WHEAT FOR CONSTITUENTS

THEY ARE EXPERTS?

Say They Are Glad to Answer Farmer's S. O. S. Call—Fred Smith First Volunteer.

Several inmates of the court house under the pressure of urgent calls from their constituents have about decided to "take a day off" tomorrow and work following a binder in its path around some wheat field.

County Clerk Fred Smith was the first to feel the call to duty and contracted with Rufus Allen to give his services for a valuable consideration. Later he tried to sell his services to a higher bidder but "couldn't get away with it."

Fred Wright, Smith's deputy, has decided to follow in the footsteps of the "boss" and will hie to Quitman to serve the farmers of that section. Miss Sprehcer of the same "firm," has volunteered to turn an ice cream freezer, if one can be found ready.

County Treasurer J. W. Blagg is going to sacrifice himself on the "altar of King Wheat" down on "the" farm.

County Superintendent Bert Cooper escapes his responsibilities by being at the Milwaukee school convention, otherwise he "might" shock wheat.

Prosecuting Attorney Charles McCaffrey seems to be a better "orator" than "shocker" and will address the celebrators at Old Conception tomorrow.

Circuit Clerk Henry Westfall and his deputy, Amos Sprecher, are still "on the fence" but will probably fall off before the time comes to jounrey toward the fields of waving grain on the morrow.

Sheriff John Dowden and his "force" could not be found at an early hour this morning and it is "presumed" that they have got the jump on the others and have gone to work today.

The county court has been "working" most all week.

Herschel Conklin Not Released.

The article in yesterday's issue of the Democrat-Forum stating that Herschel Conklin, a member of the Thirty fourth, Infantry had been released from military service was an error.

Private Conklin is a Regular Army man, and is spending a 30 day furlough with his parents, Mr. and Mrs. James Conklin. He has four years more to serve before completing his period of enlistment.

Wheat Crop Good Near Maryville.

Robert R. Hudelson, professor of soils in the College of Agriculture, was in Maryville Friday and Saturday during the harvesting of the wheat crop in the University experiment field there. "The crop is good," Mr. Hudelson said, "because the soil around Maryville is about the best in the state." But on account of the wet weather, the heads of the wheat are not well filled.—University Missourian.

Mr. and Mrs. J. H. Sewell and John Sewell, Jr., will motor to Albany tomorrow to attend the home coming celebration for the soldiers and sailors of Gentry county.

There will be no issue of the Democrat-Forum tomorrow, July, the Fourth.

COLLEGE STUDENTS LEAVE

Co-eds Take Advantage of Short Vacation to Visit Home Folks.

The students of the State Teachers College are all leaving town today to celebrate the Fourth elsewhere and spend the week end with the home folks. There will be no classes at the college the rest of this week. Practically all students will take advantage of the last chance to rest before the last few weeks of the summer session.

State Historical Society COLUMBIA

HANGS 58 REBELS AT BUDAPEST

EXECUTED FOR PARTICIPATION IN RECENT HUNGARIAN REVOLUTION

HUNDREDS ARE IN PRISON

Bela Kun, Red Dictator, Says "Uprising Must Be Choked With Blood" Supreme Test Now.

Vienna, July 2, via London, July 3.—Fifty-eight persons were hanged at dawn today at Budapest for alleged participation in the recent Hungarian counter revolution. Hundreds are in the prisons at Budapest awaiting sentence. The Allied military mission at Vienna has received word that the Lenine boys have abandoned, and that the young Bolsheviks are again on the warpath at Budapest. Bela Kun, the Red dictator of Hungary, is treating the situation with a ruthless hand. He is quoted as saying "the uprising must be choked with blood, now is the time for the supreme test. The eyes of the world are upon us and the dictatorship must be maintained."

JOPLIN MAN A SUICIDE

Arthur S. Raymond, Mining Engineer, Leaps to Death From Hotel Building in N. Y. City.

New York, July 3.—Arthur S. Raymond, a mining engineer of Joplin, Mo., leaped to his death from the roof of the twenty story Commodore Hotel here early this morning. The reason for the act is not known.

Appoint Administrators.

Hiram W. Montgomery, of Skidmore was appointed administrator of the estate of the late Charity B. Banks, who died last April 28, in the Probate court today.

William C. Alexander of Pickering, was appointed administrator of the estate of John L. Alexander, who died April 11.

Montgomerys to Colorado.

Mr. and Mrs. J. F. Montgomery will leave Saturday evening for an extended visit with relatives in Denver, Loveland, and other points in Colorado. During their absence, their son and wife, Mr. and Mrs. Will J. Montgomery will occupy the Montgomery residence.

"AVENUE OF ELMS" HERO MEMORIAL

D. A. R. MAKE PLANS FOR PERMANENT HONOR TO DEAD SOLDIERS

TO BE ON S.T.C. CAMPUS

Plans Made to Erect Columns Bearing Names of "Gold Star" Heroes at Each End of "Avenue."

Many cities, towns and counties throughout the United States are making plans for a permanent memorial to their boys who made the supreme sacrifice in the great war, and at a meeting of the Daughters of the American Revolution held yesterday afternoon at the court house rest rooms the first step toward such a memorial for the Nodaway county "gold star" heroes was taken.

The plan suggested and approved at the meeting yesterday was for the planting of an Avenue of Elms on the State Teachers College campus, with each tree to represent a soldier who died in the cause of democracy. President Ira Richardson, of the State Teachers College, gave his permission for the planting of the trees there, and the site selected was along the driveway southwest of the College building.

In addition to the trees, it was planned yesterday to erect a column at each end of the avenue on which will be affixed bronze plates bearing the individual names of the dead heroes.

The D. A. R. organization will have charge of the work of the arranging and planting the trees, and a memorial dedication will be held at the site when the work is completed.

Following the discussion regarding the new memorial yesterday the annual election of officers was held, the following being selected for the coming year: Mrs. Will Montgomery, regent; Mrs. Joseph Jackson, vice president; Mrs. H. A. Foster, recording secretary; Miss Katherine Helwig, corresponding secretary; Miss Mary Q. Evans, treasurer; Mrs. C. C. Corwin, historian; Mrs. D. J. Thomas, registrar; Mrs. Dale Bellows, librarian; Miss Elizabeth Leet, custodian.

VILLA WOULD HANG AMERICANS

Bandit Bitter Toward U. S. Since Recent Defeat by Yanks.

El Paso, Tex., July 2—Francisco Villa ordered all Americans hanged when captured, following the crossing of the American Expedition, according to a foreign resident of Northen Mexico, who reached the border today. He sent a train to Villa Ahumada to capture Americans known to be there, the refugee said, and was so bitter toward them he threatened to kill Hippolito Villa, his brother, because of Hippolitos professed friendship for them, according to the refugee's statement.

Villa and Martin Lopez quarreled after the retreat from Juraez, he said and divided their forces.

A HOMECOMING FOR PERSHING.

Laclede, Mo., the General's Birthplace Proposes Statewide Greeting.

Laclede, Mo., July 2—Laclede is making arrangements for the homecoming of its greatest hero—Gen. John J. Prshing, commander of the American Expeditionary Forces. With the Peace Treaty signed Laclede and Linn County are confident General Pershing will soon return to the United States and visit his birthplace and boyhood home.

Mayor Allen cabled General Pershing today for the earliest date he could visit Laclede. A state wide celebration is planned.

Rise in Dry Goods Prices.

New York, July 3.—Cotton goods and yarns advanced today as did many jobbers' domestics. Raw silk was higher. Burlaps were firm, and heavy weights advanced. Jobbers and retailers were buying steadily.

AUTOS OUT OF STYLE

Neil Montgomery of Skidmore, Buys Interest in an Airplane.

Nodaway county is progressing as fast as the rest of them and we can prove it. Neil Montgomery, son of H. W. Montgomery of Skidmore, has purchased an interest in an airplane, together with some of his chums.

Neil Montgomery was a lieutenant in the Air Service and the flying bug got into his system so strong there that he wants to be able to joy ride at his leisure. At present, Mr. Montgomery is connected with a large insurance firm in Chicago.

The Montgomery household may now expect their son to drop in and visit them most any time. It will, indeed, be a handy mode of travel from Chicago for a week end visit.

SENATE RATIFIES WOMAN SUFFRAGE

ACTION THIS MORNING FOLOWING RATIFICATION BY HOUSE

A MILD DEMONSTRATION

Will Remain in Session Until Monday to Pass $30,000 Appropriations Bill.—Undecided on Capital Punishment.

Jefferson City, July 3.—The Senate ratified the Federal Suffrage Amendment this morning, following the House's action last yesterday.

Jefferson City, July 3.—The House of Representatives ratified the suffrage amendment to the United States Constitution late yesterday afternoon without debate. It was adopted by a vote of 125 to 4.

The legislature will adjourn Monday, it was agreed today by resolution. Whether capital punishment will be taken up at this session has not been decided on.

Only a mild demonstration followed the adjournment yesterday after the big suffrage vote in the House. Representative Norman introduced a resolution to have the appropriation bills wait until the next session of the general assembly, thereby permitting the members to go home tomorrow. A howl of disapproval followed.

"We won't go until we get our dough," shouted one of the members, so it was agreed to remain over until Monday to pass the appropriation bills to pay the $30,000 expenses of this session. The introduction of the appropriation bill brought forth nearly as big a demonstration from the House members as the announcement that the suffrage amendment had been adopted.

DON'T WANT TO HEAR REED.

Georgia House Refuses to Invite Him to Speak on League.

Atlanta, Ga., July 3.—The lower house of the Georgia general assembly today voted down 84 to 54, a resolution inviting Senator Reed of Missouri, to address the house on the League of Nations. The senator will make a public address here next week in opposition to the league.

DISCONTINUE FUNSTON AS DEMOBILIZATION CAMP.

Washington, July 3.—The use of Camp Funston and several other camps as demobilization camps are to be discontinued after July 10 the War Department announced today.

ORDER NAVY WORK CONTINUED.

Portsmouth, N. H., July 3.—All work at the navy yard here was ordered continued by Secretary Daniels, who announced in a telegram today that President Wilson will sign the naval appropriation bill.

Guests at Harvey Home.

Mrs. J. C. Glenn of Kansas City and Mrs. Elizabeth Fox of Fort Worth, Tex., will arrive tonight to visit Mrs. Glenn's daughter, Mrs. Fred Harvey, and Mr. Harvey.

Mrs. T. B. Mumma and children, Pauline and Victor of Osceola, Mo., and Mrs. J. E. Burns of Blythedale, are spending a week here with Mr. and Mrs. E. T. Dale. Mrs. Mumma, Mrs. Burns and Mrs. Dale are sisters.

Miss Verna Crosby left this afternoon to spend the Fourth in St. Joseph. She will go from there to Ridgeway for a week end visit with her parents, Mr. and Mrs. G. W. Crosby.

ARE PLACING MEN WHERE DEMAND IS

COMMERCIAL CLUB EMPLOYMENT BUREAU BUSY THESE DAYS

PLACING 5 TO 15 A DAY

Secretary Pickens Asks Co-operation of Farmers and Laborers—No Regulation of Wages Attempted.

Secretary Pickens of the Commercial Club is placing from five to fifteen men every day in the harvest fields. Today promises to be a banner day at the employment bureau, for many townspeople are wanting to celebrate the Fourth by working on the farm tomorrow.

Mr. Pickens is helping two parties, those wanting harvest hands and those wanting work. He asks that the farmers co-operate with him by calling him, stating the number of men they need and the arrangements that can be made to get them to the fieds. On the other hand he requests that those seeking employment communicate their desires to him and tell him where they can be found.

So far most all farmers needing help and those wanting work have been accommodated in short order. Unlike most places the supply and demand have been about equal while in other communities the demand has far exceeded the supply.

All that the employment bureau of the Commercial Club seeks to do is to get the farmers and the workers together. Absolutely no attempt is made to regulate wages, that being settled between the interested parties to suit themselves.

Secretary Pickens asks that the farmers co-operate with him so that each may be of mutual service to each other.

DOG USES MAN TO LIGHT ON IN HIS LONG LEAP.

Alexandria, Ind, July 3—Dr. J. E. Hall walked out of his office on the second floor of a downtown building and locked the door. His dog stood on the ledge of the open office window and barked at the departing physician, but he barked in vain. A workman was repairing a water tap beneath the barking dog. A leap and the canine alighted safely upon the shoulders of the workman, who toppled over. The dog ran up to his master, barked and wagged his tail knowingly.

RETURNS WITH 47 WOUNDS.

Winchendon, Mass., July 3.—William Sanville, the most wounded man in the 26th (Yankee) Division, has arrived home. He bears forty-seven wounds. He was three times sent to hospitals but returned to the front line trenches. Among the souvenirs he carries are a silver rib, artificial kneecap, twelve pieces of hand grenade imdedded in his right shoulder, and a silver support in the left instep.

FAMILY SIGNS PEACE TREATY.

Cleveland, Ohio, July 3.—Peace once more reigns in the home of George Wilson.

The peace terms were written by Judge Kennedy. Mrs. Wilson promises to put forth a supreme effort to restrain the small Wilsons from crying while their father sleeps. Mr. Wilson agrees to discontinue a former practice of throwing cold water upon Mrs. Wilson when she failed to apply the muffler on the baby.

Mrs. L. M. Phipps and sons, John and Joseph of Grant City, are visiting at the home of her sister, Mrs. A. J. Anderson and other relatives.

Mrs. W. B. Key of Sapulpa, Okla., arrived this noon for a visit of several weeks with her sister, Mrs. Eldon Lloyd, and family.

BULLETINS ON BIG FIGHT

Democrat-Forum to Present Bulletins of the Fight by Rounds—Starts at 3 o'Clock.

Although there wlill be no issue of this paper tomorrow, the Democrat-Forum will offer to the citizens of Maryville an up to the minute bulletin service of the big Wilard-Dempsey chcampionship fight at Toledo.

The progress of the fight by rounds will be flashed over the International wires to this city and bulletins will be immediately placed in the windows of the Democrat-Forum.

The bout is schcedued to begin promptly at 3 o'clock.

FRENCH WELCOME THE PEACE PACT

FULL TEXT OF DOCUMENT GIVEN OUT AT FRENCH FOREIGN OFFICE

HOPE SENATE RATIFIES

Paris Press Regrets Britain Does Not Unqualifiedly Propose Military Aid to France.

Paris, July 3.—The text of the defensive pact between France, the United States and Great Britain, was given out at the French foreign office last night, despite Secretary of State Lansing's statement an hour earlier, that it could not be communicated to the public until it had been submitted to the United States senate. The French press enthusiastically welcomes the official confirmation of the existence of the pact, and expressed the hope that the President will induce the Senate to ratify it. The Echo de Paris regrets that Great Britain does not unqualifiedly propose military aid to France.

Washington, July 3.—President Wilson is bringing home with him the text of the pact which would pledge the United States to immediately give military aid to France in the event of an unprovoked attack upon her by Germany, it was learned here today.

Washington, July 3—It is expected that the George Washington will dock at about 2:30 o'clock Monday, the White House was advised this afternoonn.

Mr. Hart Released From Navy.

W. A. Hart, who was released from the U. S. Navy in St. Louis, July 1, was in Maryville yesterday visiting his aunt, Mrs. Hattie Hogue. After a short visit with his father, F. L. Hart of Parnell, and other relatives, he will join his wife, who is at the home of her parents, Mr. and Mrs. Alex Fraser, in Akron, Colo.

Mrs. H. C. Carnagey and children, Pauline and Lou James of Kansas City, came yesterday to spend a month with Mrs. Carnagey's mother, Mrs. Lee DeVore.

Miss Flossie Stundon and Margaret Dietz of Maryville, will be the week end guests of Miss Dorothy Stundon of Barnard.

Mr. and Mrs. E. L. Ferritor and family have as guests today Mrs. W. H. McGargill and sons, Delmas, Roger, Jerome and Gerald, of Imogene, Ia., who are motoring to St. Joseph to visit Mrs. McGargill's mother.

HOLLWEG'S OFFER TO BE REJECTED

LLOYD GEORGE'S ANNOUNCEMENT TO HOUSE OF COMMONS DEATH BLOW TO PLAN

TO TRY THE 'REAL' KAISER

British Premier Calls League of Nations Greatest Guarantee of Civilization.

London, July 3.—Lloyd George, this afternoon, laid the text of the German peace treaty befort the House of Commons and announced that the ex-kaiser would be tried soon before an international tribunal sitting in London. At the same time he made his first official announcement in the House of of Commons that the United States and England had pledged themselves to go to the immediate aid of France, if France is made the object of an unprovoked attack of aggression by Germany. In addition to the kaiser all other persons "supremely responsible for the war" are to be brought for trial before the international tribunal the prime minister added. His announcement is a death blow to the German element which had hoped the Allies would accept the offer of Von Bethman-Hollweg, former German Chancellor, to substitute himself for the ex-kaiser to trial for the war responsibility.

London, July 3.—Premier Lloyd George called the League of Nations the greatest guarantee of civilization. The league is not something to be blown away at the first gust of war, said the premier. The day that Germany will enter the League of Nations will depend upon Germany's action, the prime minister said.

PEACE TREATY BEFORE GERMAN ASSEMBLY SATURDAY

Copenhagen, July 3.—A bill providing for the ratification of the peace treaty will be introduced in the German National Assembly Saturday, and is virtually sure of adoption, according to the Weimar correspondent of Politiken today.

R-34 HALFWAY ACROSS.

London, July 3—At last reports the monster dirigible, R-34, was over halfway across the ocean late report said.

Phil Colbert Home.

Phil Colbert, son of Dean and Mrs. G. H. Colbert, returned this morning from Rolla where he has been attending the state school of mines. He is taking the civil engineering course.

STILL THEY COME HOME.

Elmer Bick of Bedison, arrived home last night, having received his discharge at Camp Zachary Taylor this week. Mr. Bick was a member of the 7th Regular Army Division which was stationed in France ten months. Bick was in the service fourteen months.

Miss Pearl McGinness spent Saturday and Sunday with Miss Maye Logan near Arkoe.

WEATHER FOR TODAY

Fair and continued warm tonight, Friday partly cloudy, probably becoming unsettled in the northwest portion.

ELECTRIC THEATRE

Friday, July 4th—Larry Semon in "**BEARS AND BAD MEN**"—a big V comedy—also "Perils of Thunder Mountain." Matinee at 2:30—6c and 11c. Night 8 and 9:15—11c and 17c war tax included.

MEMBER MISSOURI PRESS ASSOCIATION

40 Years Ago Today

(From Nodaway Democrat of July 3, 1879)

The Maryville Band will discourse sweet music at Savannah on the Fourth. The boys will go down Thursday evening.

The Catholics at Conception are beginning the erection of a large church edifice. They have manufactured the brick themselves to be used in the building.

Burlington Junction is to have a Post, that is, a paper by that name. Will M. Smith and Frank Semans, we learn, will usher forth the new paper into the world. We were told by a carpenter who had been at work at Burlington Junction that four hundred lots had been sold up to last Saturday. Quite a number of buildings are under contract.

Among other items in the Guilford correspondence of the Barnard Times of last week, it is stated that Frank Bellows is going to put up a pair of scales and a stock yard at Conception. Frank is chuck full of enterprise.

Which shall hold the fort? Cleveland or Burlington Junction.

We have heard considerable talk of late among our citizens about Maryville having a park. By all means let us have one. Land is cheap now and can be bought within a reasonable distance, and the cost of buying and improving a nice park, that we would all be proud of, would be but a small tax on the people.

From John H. Bohart we learn the following concerning mail routes and postoffices in the southwest part of this county and adjacent country. Hughes postoffice is not discontinued, but the route between Hughes and Graham is. The mail from Hughes to Maryville will be carried as heretofore—three times a week. Francis Freytag of Graham will carry the mail between Hughes and this place, and will also run a hack from Graham here three times a week. The route from Quitman to Union Valley has been discontinued, and the latter office will now get its mail from Graham. The route between Whig Valley and Graham has also been discontinued, and from Fillmore to Parker—the latter place now getting its mail from Graham. Lyle postoffice has been established about midway between Graham and Barnard. Graham now gets all its mail from Barnard. The above changes too effect July 1.

The Nodaway Valley Bank statement at the close of business June 20, 1879, had deposits of $141,127.29. James B. Prather and Theo L. Robinson were in charge of the bank.

"HAPPIEST MAN IN STATE," HE SAYS

Farmer Now Eats Things He Hadn't Touched Before in Nine Years.

"I had about given up all hopes of ever being a well man again, but since taking a few bottles of Tanlac I am enjoying as good health as I ever did in my life, and have gained twenty-five pounds in weight," said Raymond E. Latham, a well known farmer who lives at Manito, Ill., while in Peoria the other day.

"A man never appreciates good health until he loses it," said Mr. Latham, "at least I didn't. Up to the time my health failed me about nine yeas ago, I didn't know what it was to be sick. I had a fine appetite all the time, and when we came in from the corn fields at meal times, I could eat big, hearty meals an denjoy them. I just want to say in this connection, that we always believed in having plenty of the substantial kind of food that keeps a man in condition to do the work on a farm, and when I reached the point where I didn't feel like eating that kind of a meal I knew that something was wrong. I discovered a little later that my stomach was in bad shape, and in a short time after I ate a little, I would have sour stomach. Then I would be bloated up with gas for two or three hours after every meal. This condition kept on getting worse until I began to have attacks of acute indigestion, and was told that these attacks were liable to kill me any day. I finally got so weak and rundown that I was hardly able to do any work at all. I would have gladly given every dollar I possessed to get back my health, but nothing I did seemed to help me.

"Nearly every day I would read in the papers about Tanlac, and I personally knew some of the folks that were giving these statements, so I decided to give Tanlac a trial myself. Well, sir, in little or no time I began to want to eat. My appetite came back in full force, and I was the happiest man in the state of Illinois when I found my food was agreeing with me. I was soon eating just the same things, and as much of them, as I did nine years ago before I lot my health, and I have kept it up ever since. I am in as good health now as I ever was in my life, and there isn't a man on my farm than can do more hard work in a day than I can. I am never bothered with indigestion or gas on my stomach, and in fact I am entirely free from all my troubles. You couldn't name a price that I would consider, even for a second, for the good Tanlac has done me. I am well and strong now, and that is just the reason why I want to tell the world about Tanlac and all it has done for me."

"Tanlac is sold in Maryville by Koch Pharmacy, in Conception Junction by A. M. Colly, in Pickering by H. M. Lincoln, in Burlington Junction by Carter Pharmacy, in Barnard by Bear Drug Co., in Elmo by King Drug Co., in Clearmont by Dr. W. H. Wiley, in Ravenwood by C. A. Shunk, and in Arkoe by Rufus R. Smith."

HOW MANY WOMEN DO YOU KNOW

Who can say they are perfectly well? "I am tired all the time," "I am so nervous it seems as though I should fly," "I can hardly drag around today," and all such expressions are characteristic of women who have overtaxed their srength until head aches, backaches, nervousness, dragging-down pains, irregularities and the blues, symptoms of a female weakness, have developed. Women who are in this condition may rely upon Lydia E. Pinkham's Vegetable Compound to restore them to health and strength.—Adv.

COUNTRY ROADS

Good roads promote self-respect in a community. They make possible social intercourse. They bring the benefits of churches and schools within the reach of all. They help to keep the boys on the farm. They cheapen the cost of transportation of farm products to the markets and thus add to the farm profits. They add to the value of farm lands much more than they cost. They mark the degree civilization of the rural community.

"Roads may be divided into three general classes, as regards construction, dirt roads, various kinds of macadams, and pavements such as brick, concrete asphalt, etc.

When choosing the kind of material to be used, take into consideration the amount of traffic measured in tons, the size of the individual loads, the kinds of vehicles used for transportation purposes, the provision made for maintenance, the cost of available materials, and the amount of technical skill necessary in using such materials.

Some of the materils or combinations of materials which might enter into the construction of temporary country roads in Missouri are earth, shale, slate, chert, gravel and rock, or sand mixed with clay or gumbo. For heavy traffic on thru routes pavements may be required, but these are not ordinarily classed as "country roads."

Some of the things which determine the cost of road construction are: Cost of right of way; cost of clearing and grubbing; amount and kind of material to be excavated and amount of filling to be done; amount of ditching for surface drainage and tiling for sub-drainage; number and size of stream crossings necessitating culverts or bridges; cost of securing and placing material.

The three principal divisions of actual road making are location, construction and maintenance. In planning a road it is necessary that we take into consideration all three of these steps, since proper location affects the cost of construction and may materially reduce cost of maintenance.

Some of the things to be considered in locating a road are easy grades, good drainage, exposure to sunshine, elimination of culverts and brildges by avoiding unnecessary creek crossings, directness and te number of farms to be served for a given length of road. Whenever possible to avoid it, ag ood location should not be rejected merely because a certain roadway has been in use for some time. If the location of a road is band it should be changed if possible. In relocating roads avoid railroad crossings at grades.

SAVE BLUE-GRASS SEED.

Jefferson City, July 3.—The unusual appeal of "Save Your Blue grass Seed" is being made by Secretary Jewell Mayes of the Missouri State Board or Agriculture, who announces is heavier and better than the product from Kentucky. Blue-grass also grows taller in Missouri, and is a profitable crop both for seed and pasture.

From Cass county to Gentry county is a section that far distances Kentucky for blue-grass. Clay and Clinton counties developed, the first in the United States, the practical harvesting and cleaning of blue-grass seed, the story revolving around the town of Kearney.

That is pays to gather and sell blue-grass seed is self-evident when an acre of blue-grass not grazed on until well up in June will produce from eight to fifteen bushels of dry blue-grass seed, worth on an average from year to year a dollar per bushel of fourteen pounds. Blue-grass pasture left standing until the seed is saved will fatten stock and tide stuff over the dry weather better than if pastured earlier.

The State Board of Agriculture guarantees to find several buyers for each crop of properly saved blue-grass. Persons desiring to buy or hire blue-grass gathering machines may secure such machinery practically without cost from seed houses which will gladly buy the seed in advance.

SPECIAL TRAIN FOR HARVESTERS

St. Louis, July 3.—Dispatches from Topeka, Kansas, say that Director General of Railroads Hines has authorized that special trains be used to carry harvesters from this city, Kansas City and other Missouri points to the Kansas wheat feilds.

A drowsy, half-sick, discouraged feeling is caused by a torpid liver and impurities in the stomach and bowels. Prickly Ash Bitters is a prompt and efficient remedy. Men who work need its cleansing and stimulating effects. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.—Adv.

Read Democrat-Forum Want Ads.

CLOVER BLOAT.

Jefferson City, July 3.—That Missouri farmers must look out for "bloating" among cattle now running on clover pastures is the warning of State Veterinarian D. D. F. Luckey of the Missouri Board of Agriculture. The weather in many sections has been favorable for the abnormal growth of clovers.

The danger from clover bloating is greatest on damp, cool days when clover is fresh and palatable. The "rumen" (or paunch) becomes overlonded, and fermentation causes an abnormally rapid generation of gas.

The symptoms usually develop in a very short time. A cow may be in dangerous condition within a half hour after eating heartily of white or other clovers. Frequently, the bloating is so tense as to produce death before treatment can be given. The rumen becomes so distended with gas as to press forward on the lungs, making it impossible for the beast to inhale air, literally smothering it to death.

The principal prevention is to keep cattle off of rank clover pastures, especially early in the morning, after showers, or during damp and cool days. Such pastures must be used with care. It has been claimed that feeding dry wheat straw, or cured hay, will tend to prevent bloating when cattle are turned on clover pastures. There is no question but what this will help some, but it cannot be counted on as a sure preventative of bloating.

Some dry feed should be given when cattle are pasturing upon a rank growth of clover. In addition, a liberal quantity of freshly burned charcoal should be kept before the cattle. Burn charcoal every two or three days, powder it add a little salt and leave where cattle may lick at will. There is practically no danger of over-feeding charcoal, and this will help a lot in preventing bloat. In some cases bloating will occur even when cattle are kept off clover until noon. There is no absolute means of prevention of bloat when cattle graze on clover.

The curative treatment for bloating depends on the condition of the animal when found. In many cases the brute is found dead, in others in condition to die in a few minutes. Treatment must be administered promptly. In acute cases, there is no time for giving medicines. The only successful treatment is to puncture the rumen and let the gas out. Unless this is done promptly, death may result. The trochar is the proper thing to use, and should be cleansed and disinfected, as should the hair and skin where it is to be inserted. use the necessary force and drive the trochar into the rumen on the left side, at a place several inches forward and downward from the point of the hip where you will find a drum-like condition.

In some instances the trochar will not be available, and there will be no time for cleaning and disinfection. In such an emergency do not hesitate to use a pocket knife, or even a butcher knift. Let the gas out, or the cow will die. If these crude instruments are to be used, the opening should be quite large. Use the big blade of the pocket knife and then cut the hole just a little bit larger so the gas escapes freely. This operation is not particularly dangerous, and should not be delayed when the life of the bovine is in danger.

SQUEEZED TO DEATH

When the body begins to stiffen and movement becomes painful it is usually an indication that the kidneys are out of order. Keep these organs healthy by taking

WILLIAM H. LEWIS TO AID LABOR SITUATION

State Labor Commissioner to Take Up Task Left by U. S. Employment Service.

St. Louis, July 3.—William H. Lewis, state labor commissioner has thrown himself into the breach caused by the suspension of the United States Employment Service and proposed to begin immediately to carry on the work of securing jobs for the unemployed. An office has been established in this city.

The new state employment office will not be operated on the same scale as the United States Employment Service, but will do all possible to secure work for those unemployed. J. W. Noonan has taken charge of the new office. His appointment was made by Commissioner Lewis. The commissioners states there are sufficient resources to carry the service on.

"The State of Missouri has maintained an employment service for the past twenty years." Commissioner Lewis declared. "The preesnt plan is just a continuance of the service. A very satisfactory result has been obtained for several years at St. Joseph, Mo., and this experience would rather indicate that satisfactory service can be delivered here.

"Following so closely upon the work of the Federal Bureau, the State Bureau will be in a position to deliver a maximum result from the beginning on a comparative basis and while it is likely the capacity of the bureau will be taxed to meet the situation the public may rest assured Mr. Noonan and his associates will do everything in their power to make up, as for as possible, the loss of the Federal service."

A coated tongue, bad breath, dizziness and a clogged condition in the bowels can be quickly relieved by using Prickly Ash Bitters. It is a man's remedy for such ailments. Price $1.25 per bottle.—Maryville Drug Co., Special Agents.—Adv.

Use Barriers for Chinch Bugs.

In some sections of the state the chinch bugs seem to be unusually abundant in spite of the heavy fainfall of the last two months. Where the rainfall has been light the bugs are abundant. When the wheat is cut they move into corn or other crops.

Where the bugs are abundant and moving, use barriers at once, advises L. Haseman of the University of Missouri College of Agriculture. If the ground is dry one or two parallel ditches should be plowed and a log drag kept going in them to maintain a dust mulch and kill the bugs as they fall in. In case of rain run a line of tar, heavy road oil or crude carbolic acid as a barrier. Smooth a path with a hoe on which the chemical may be run. Any discarded pail can be used for distributing the chemical. Drive a nail through the side of the pail near the bottom and when the chemical is not being distributed plug it with a splinter. The hole should be just large enough so that a thin line of the chemical will dribble out as one walks along the path. Renew the chemical often enough to prevent the bugs from crossing.

Where bugs are already in corn, spray or sprinkle with coal oil emulsion. Break two gallons of coal oil in one gallon of boiling soap suds and then add seventeen gallons of water to the milky stock solution before applying it.

Do not wait for the weather to become favorable for the fungus or so-called chinch bug disease to germinate and destroy the pest, but prepare the barriers at once. Scattering a few inoculated bugs in the field only adds a few more spores of the fungus but all fields are well stocked laready.

Where the bugs are abundant now all waste places should be burned over this fall.

INDUSTRIAL EXPOSITION FOR ST. LOUIS OCT. 15.

St. Louis, July 3.—The St. Louis Exposition of Industrial Arts and drafts, which will open October 15, for four weeks duration already promises to be the biggest enterprise of the reconstruction era for St. Louis.

The exposition will have a direct local meaning to every industry in this city in which design, beauty or art can be used.

An appeal to the city is now being put forth general participation to make the exposition a complete success.

Don't Lose Your Head

As midsummer work piles up on the farm until it seems as if you could never get through it in the world, don't blow up. Take an hour off in the evening and read this week's issue of

The COUNTRY GENTLEMAN

Somewhere in it you'll find a hint that will save you some work—I don't know what it will be, because I don't know just what your particular kind of farming is, but there's enough variety in the articles so you're dead sure to find one that is certain to help you.

There's an article about hogging down corn—the labor-saving way; there's one about growing and shipping potatoes—the money-making way; another about shipping stock by motor—the time-saving way; another about packing fruit—the attractive way; others about building a farmhouse, feeding steers, growing sheep, tending the poultry; and on the Handy Farm Mechanics page there's an idea that may save you a lot of time and cash—loading a truck with its own power! So it goes. That's only part of *one week's* issue—part of ¼ of a year's subscription—a *real* dollar's worth. Don't lose your head! Subscribe now!

Miss DeMotte Weds.

Mr. and Mrs. N. S. DeMotte of Weatherford, Okla., formerly of this city, announce the marriage of their daughter, Maude Alice, to Harvey James Thacker, Sunday, June 29. After July 10 Mr. and Mrs. Thacker will be at home in Weatherford.

Munn Dinner Party.

Mrs. Mary Munn entertained at a 6 o'clock dinner last night for Mrs. J. M. Mulligan of Sharpsville, Pa., Thomas Muligan of Sharon, Pa., Mr. and Mrs. R. W. Graham of Clyde, Mrs. T. J. Parle, Misses Anna and Grace Parle, Bessie Graham, and Lillian and Raymond Munn.

Bradley-Wilson.

Announcement has been received of the marriage of Miss Edna Bradley, daughter of Mr. and Mrs. Henry Bradley of Ravenwood, and Charles M. Wilson of Stillwater, Okla., Monday, June 23, in Wichita, Kan. Mr. Wilson formerly lived in Pickering. The couple will make their home in Stillwater.

Picnic at Big Lake.

A party of people living near Arkoe spent Sunday at Big Lake. At noon a basket dinner was served to the following: Mr. and Mrs. W. R. Logan, Mr. and Mrs. J. B. Clements, Mr. and Mrs. C. F. Clements, Mrs. Clements, Misses Pearl McGinness, Dollie Clements, Maye Logan, Bernice and Dorothy Clements and Spen Clements, Walter Logan, Jacob Clements, Cecil, Donald and Hubert Clements.

Miss Lincoln Weds.

Mrs. Chas. Birkenholz, living near Sheridan, has received the announcement of the marriage of her sister, Miss Fay Lincoln, to Victor L. Schleppegrell of Osavis, Minn., which took place at Bellefourche, S. Dak., Monday, June 23. The bride is the youngest daughter of S. M. Lincoln, who formerly lived near Pickering. She has been teaching near Mannhaven, N. Dak., the past year. After a short visit with relatives in South Dakota and Wyoming, they will be at home in Montana where the groom will attend a universiy.

Florea Family Reunion.

A reunion of the relatives of Mr. and Mrs. Chas. Florea was held Sunday at their home near Hopkins, in honor of Mrs. Florea's brother and wife, Mr. and Mrs. E. J. Whitman and their daughter, Joyce, of Seattle, Wash. A basket dinner was enjoyed at the noon hour in the grove and the menu included shrimps and crabs, which had been shipped from Seattle, Wash., for the occasion. The company numbered about 150. Relatives from a distance were C. N. Whitman of Merna, Neb., Mrs. H. C. Garten of Newton, Kan., Mrs. John Hood of Stroud, Okla., a brother and sisters of Mrs. Florea.

Mrs. Leet Hostess.

Mrs. T. H. Leet was hostess to theh Mothers Club and the Cradle Roll class of the South Methodist church yesterday afternoon at her home on East First street. The attendance was the largest since the organization of the club last March. During the business session the club decided to give a picnic supper Friday evening, July 18, on the lawn at the home of Mr. and Mrs. I. B. Williams on East 3rd street, at which the families of the members will be guests. There was a general discussion of the club lesson, "How to Train the Appetite of a Child," led by Mrs. Joseph Cornell. The Cradle Roll members, in chrage of Mrs. E. T. Dale and Mrs. R. C. Seal, enjoyed games in the yard and each child was given a small flag as a souvenir. Refreshments of cherry ice and cake were served by the hostess. The visitors for the afternoon were Mrs. T. B. Mumma and children, Pauline and Victor, of Osceola, Mo.; Mrs. J. E. Burns of Blythedale,Mo.; who are guests of Mrs. E. T. Dale, Mrs. J. W. Blagg, Mrs. Brown, Mrs. M. E. Farrar, Mrs. Fred L. Curfman, and Mrs. R. C. Seal. The next regular meeting will be held the first Wednesday in August with Mrs. Joseph Cornell.

STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, $1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

The E. W. Rose Co., Cleveland, O.

W. M. S. Meeting Postponed.

The Woman's Missionary Society of the Christian church have postponed their meeting from tomorrow afternoon to Friday afternoon, July 11, when Mrs. Eugene Lyle will be the hostess.

Neighborhood Picnic.

A number of neighbors will give a Fourth of July picnic supper tomorrow evening on the lawn at the home of Miss Audrey Howendabler and Miss Nannie Moses on South Buchanan street. The party will include Dr. and Mrs. S. A. Coile, Mrs. Speck, Mr. and Mrs. Virgil Keene, N. B. Lamar, Dr. and Mrs. J. C. Allender, C. E. Stilwell, Mrs. F. M. Martin, Miss Mabel Martin, Dr. Vilas Martin, Mr. and Mrs. George Null, Mrs. Harvey Hall, Mr. and Mrs. W. R. Smiley, Mr. and Mrs. John Herren, Mr. and Mrs. Norman Chamberlin and their guest Mrs. A. C. Malone of Bonne Terre, Mo., Mr. and Mrs. C. C. Corwin, Miss May Corwin, Mr. and Mrs. L. H. Evans, Jennie and Evan Evans, J. M. Evans, Miss Howendobler and Miss Moses.

No W. R. C. Meeting.

There will not be a meeting of the W. R. C. tomorrow afternoon on account of the national holiday.

FRECKLE-FACE

un and Wind Bring Out Ugly Spots —How to Remove Easily.

Here's a chance, Miss Freckle-face o try a remedy for freckles with the uarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while it if does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist nd a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.—Adv.

"Mother Love" Wins Out.

"Old Bess" is only a mongrel cur. Nobody claims her as their property and in the canine world she is a "tramp" but she is a mother—and her mother love instinct showed itself in a touching little manner today.

Cooper Gooden, dog enumerator, discovered "Old Bess' with her four little puppies in a lot near the Standard Oil Filling station, and according to his duty would be required to put an end to the little family. But even a mother dog can plead for her young, and the execution has been post poned, for a time at least.

Miss Mary Boggs left this morning for St. Joseph.

Mrs. George McMurry went to Bolckow this morning to spend a few days with her father, Dudley Messick.

Dr. Bert Wallace of Shawnee, Okla., came this noon to visit his brother, George Wallace, and other relatives.

Miss Maye Logan is spending a week with Miss Pearl McGinness near Wilcox.

Harold Ryan spent Sunday in Albany at the home of Mrs. Mary O'Malley and her daughter, Miss Ruth.

Merrill Alderman left this afternoon for Waterloo, Ia., where he will spend the Fourth with his brother, Harry.

Peculiar Patches In Sky.

Not less than 182 more or less clearly defined dark patches in the sky are recognized by Prof. E. E. Barnard in his latest catalogue. In some cases they are fairly round and regular, in others they are of complicated and contorted form and their appearance and sharpness suggest that they are dark clouds or nebulae cutting off a background made faintly luminous by unseen stars or diffused nebulous matter. Most, though not all, of the dark patches are in the region of the Milky Way, where so much of the material visible in the heavens is concentrated.

Belt Had Tightened.

Two soldiers from Fort McKinley, Maine, attended a bounteous repast on Thanksgiving day, and after partaking of the most varied assortment of dishes, the hostess inquired if they would have anything else. One soldier gazed longingly at the fruit, candy and ice cream as yet untouched, and remarked: "A little more room, please."—Everybody's Magazine.

SCHOOLBOYS DIE OF PECULIAR SKIN DISEASE.

Salina, Kan., July 3.—With the death of Louis Keyte from an unknown skin disease here, three schoolboys have died. The first death was that of George Isaacs, who lived a week after being stricken. Phillip Farrel lived thirty-six hours. Louis was ill four weeks. A fourth boy recovered.

The disease starts with what appears to be a skin hemorrhage, which later turned into spinal meningitis. At first it was thought the disease came from the Y. M. C. A. swimming pool, but investigation disproved this theory.

MORE PRINTERS NEEDED.

St. Louis, July 3—St. Louis employers are urging high schools to turn their attention to the printing business.

The Ben Franklin Club of this city, composed of employing printers and men in allied industries, has begun a movement to interest boys.

"The need for apprentices was never so urgent as now," say Oliver Wroughton, secretary of the Graphic Arts Association of Kansas City.

Arkoe M. E. Church.

205,320 MOTOR VEHICLES REGISTERED IN MISSOURI

17,270 More machines in State Than During 1918; $1,532,543.45 Brought to Good Roads Fund.

Jefferson City, July 3.—Up to July 1, there have been registered 205,320 motor vehicles in Missouri for the current registration year which began February 1, 1919.

The registration to date shows an increase of 17,270 more machines in the state than were registered for the entire year of 1918.

St. Louis has 38,586 automobiles, 8,653 chauffeurs, 1,160 motorcycles; Kansas City has 27,850 automobiles; 3,142 chauffeurs and 619 motorcycles.

The registration has brought to the good roads fund this year $1,532,543.45 or $137,781.26 more than for the same period last year.

LINCOLN'S CHAIR ENTERS INTO MARTIAL DISPUTE.

Springfield, Ill., July 3.—George B. Lloyd owns Abraham Lincoln's old chair, made and presented to the latter by an ardent friend and hunter, a jury in the circuit court declares. They settled a dispute between Lloyd and his wife when the latter claimed the chair, fashioned out of elk horns, following a separation. Lincoln gave the prized article to his son, who gave it to Lloyd, and when the Lloyds agreed to disagree in the matter of martial happiness a wrangle over its possession developed. The foregoing court action followed.

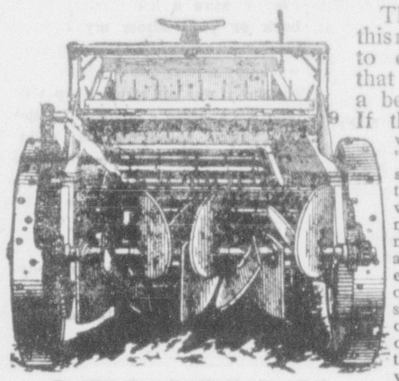
Kodak finishing is a business—not a side line with us. Carpenter. 13.

We Have Always Wanted To Handle the BEST Manure Spreader---And We've Got It.

As all our friends know, we have been engaged in the farm implement business right here for a long time. We've made it a rule to handle only thoroughly reliable goods. No matter how tempting a maker's proposition is, we leave it alone, unless we are convinced that the article will be of **real value** to our customers.

Now please keep this rule of ours in mind and then come in and see the

NISCO Reg. U.S. Pat. Off. **The New Idea Manure Spreader**



First Wide-Spreading Machine Ever Built.

The fact that we have this machine set up, ready to demonstrate, shows that we believe there isn't a better spreader made. If there had been we would have found it. "Nisco" is the **original wide-spreading spreader.** Built to spread outside its own wheel track when other machines merely dumped manure behind. Low down and light draft, easy to load, easy on a team. Its chain conveyor brings every scrap of manure to the two cylinders where it is thoroughly pulverized and thrown onto swiftly revolving steel paddles that distribute it in even width and depth across three corn rows. This makes driving over spread manure unnecessary.

The **Nisco Spreader** can't clog and spreads at will, 3, 6, 9, 12, 15, 18 loads per acre. It has a chain drive—no gears to break or strip from cold or under sudden strain. Wide tires fit the "Nisco" for use on soft soil. The **Nisco Spreader** is thoroughly well built of exceptionally stiff and sturdy materials, and the makers cheerfully guarantee it for a year against breakage from any cause. With proper care it will last a lifetime.

Now here is a machine that will give you dollar for dollar on a moderate investment in one year's time; because if used regularly it will absolutely save the full fertility value of manure and put it on the soil in such condition that growing plants can get it all.

The **Nisco Spreader** will save you money. Come in and see it next time you're in town. You'll be interested.

DON'T FORGET TO ASK US FOR THIS FREE BOOK We've a book here we would like you to read—"Helping Mother Nature." Tells more about the care and use of manure than you ever thought of. Written by an expert and full of right-up-to-the minute scientific data. Don't forget this—it's important.

Yours for better farming.

YANKS IN HUNLAND START HOME.

Withdrawal of American Army of Occupation is Begun.

Paris, July 3.—The American Army of Occupation technically ceased to exist yesterday when the removal of the units still in the Rhineland began. It is expected that within a comparatively short time there will remain on the Rhine only one regiment, with certain auxiliary troops, totalling approximately five thousand men.

The 4th and 5th Divisions entraining for Brest yesterday, will be followed eventually by the 2d, 3d and 1st divisions, in the order named.

"Our flag is there, our word is there, and our honor is there," General Pershing told the correspondents today in speaking of the American Army in Europe. "Until there is undisputable evidence that the job has been, completed, Americans will stand by to do their part."

General Pershing said all troops will be returned to the United States thru France, most of them sailing from Brest. His general headquarters at Chaument will be closed within a fortnight and he will establish his headquarters here, remaining until the end of August or the first part of September.

A MARYVILLE MAN'S EXPERIENCE.

Can you doubt the evidence of this Maryville citizen?

You can verify Maryville endorsement. Read this:

James C. Lornson, retired farmer, 1023 N. Mulberry St., says: "Whenever I have a little stiffness in my back or pain across my hips, I use Doan's Kidney Pills. At one time when my kidneys were badly congested and I was all crippled up with the lame back, Doan's removed all the pain and misery and fixed me right up. They also removed the dizziness and improved my health in every way. I never fail to praise Doan's Kidney Pills when I have a chance."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lornson had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y. —Adv

Bukwheat as a Crop.

Buckwheat is grown successfully in Missouri. The farmer need have no fear of this crop being damaged by either insect enemies or fungous diseases, as the buckwheat plant is but litle affected by either of these. It sometimes fails to set seed, however, when weather conditions are unfavorable.

Buckwheat should be sown on land prepared as for corn. It is an excellent crop to sow where corn or some other crop has been planted but failed to get a stand. Prepare for buckwheat by disking or harrowing. It may be planted later than corn, and is in fact an emergency crop for overflowed land or where the corn stand is a failure.

Buckwheat is valuable as a human food. It is also an excellent feed for poultry.

Buckwheat is an excellent crop for destroying weeds, and for renovating and putting the soil into fine mellow condition.

Buckwheat is seeded at 3 or 4 pecks per

Leave for Extended Visit.

Mrs. Adolph Lippman and granddaughter, Emma Brash, left this evening for a two week's visit in St. Joseph after which they will spend sometime visiting in Excelsior Springs and Kansas City.

Miss Inez Moore returned Tuesday night from a visit of three weeks in Kansas City with Mrs. Robert Vogt, She was accompanied home by her mother, Mrs. D. C. Moore.

Mr. and Mrs. Lee Haigwood and baby daughter, Eleanor Maxine of Shawnee, Okla., arrived this noon for a visit at the home of Mrs. Haigwood's brother, O. C. Wallace and family.

What Is Rheumatism? Why Suffer from It?

Sufferers Should Realize That It Is a Blood Infection.

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons. This explains why liniments and lotions can do no permanent good, for they cannot possibly reach these germs, which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. For treatment of your individual case address Chief Medical Adviser, Swift Specific Co., Dept. 33, Atlanta, Ga.

Would You Cut Wheat With A Cradle?

If you were suddenly deprived of modern machinery would you go back to the old fashioned methods of cutting grain with a scythe and threshing it with flails?

Probably you'd quit raising grain.

Hauling grain, hogs, corn, hay and other produce to market in small lumber wagons with teams will some day be looked upon as old fashioned and we will wonder how we ever afforded the time and labor it takes to handle farm produce that way.

Everybody will have one or two motor trucks, And this will happen in a very short time—in fact, many farmers in Nodaway county are considering trucks now, and the size of the present crop makes it almost impossible to get along without them. The question is—

What kind of a truck to buy?

Experience in using machinery and automobiles proves that the best we can get is usually the cheapest, and this will be very true of trucks because they will have to stand hard use. Good roads will add to the life of trucks, but nothing will make them last like real quality in the making and care in balancing them so they will give the most service with the least wear.

Sandow Trucks

Have had a mighty good try-out by hundreds of users in the large cities, in the transportation of great over loads and road service between towns. Their great strength, stamnia and absolute dependability prove them to be the best truck for farm use, and when you have decided to get a truck we are sure you will want to see the Sandow—

When you have seen it we are pretty sure of the verdict.
